

Little Trees

By Kala Hotakainen

Cute little trees to decorate your home for the holidays, what could be better? Well, lots of things, but these trees are pretty darn cute! Worked in an easy spiral holding two yarns together, the Little Trees are super easy and super quick to crochet. Happy holidays and I hope you enjoy the pattern!

Materials:

- 1 skein of Lion Brand's Vanna's Choice (100% acrylic - 170 yd/156 m ball) in green.
- 1 skein of Crystal Palace's Little Flowers (130 yds/50 gr - 96% nylon - 4% metallic fiber) in Dappled Forest.

Tools:

- I Hook (5.5mm)
- Stitch Marker

Gauge:

- Gauge is not super important for this project. You want your crochet to be tight enough that the tree will stand up on it's own, but not so tight that you hurt your hands.
